Please map your building and its relationship to the street, any nearby intersections and other disturbances such as freeways, airports, major electrical posts.

Please draw a floor plan of your office building as close to scale as possible, labeling rooms such as offices, lunch room, etc.

Please label North, south, East and West when you are finished.

It is imperative to be as accurate as you possibly can be with the floor plan and compass directions because your floor plan will be gridded into 9 squares where intentions and remedies will be placed. Ideally, a photograph of a blueprint is best and easiest. Even being 5 feet off will affect results. Accuracy is key. You can also take a picture of the blueprint and email to fengshuihoray@gmail.com.
